

# IMMUBOOST KIDZ

## Black Seed .Vitamin C. Zinc

AN IMMUNE BOOSTER WITH A DIFFERENCE  
100% NATURAL . NO FILLERS . NO BINDERS . HALAL . VEGAN

### BLACK SEED POWDER

Black seed may help support a healthy respiratory system, along with a healthy intestinal function. Benefits also includes asthma, allergies, cough, bronchitis, colds, flu and congestion. Black seed is an overall immune booster with endless benefits.

### VITAMIN C

As an antioxidant, vitamin C reduces free radicals formed in the body, and helps prevent them from damaging your child's healthy body cells. Another important function of Vitamin C is the role it plays in aiding the healthy growth and development of your child's bones and teeth.

### ZINC

Zinc is an essential micronutrient associated with over 300 biological functions. Zinc helps boost the immune system and maintain mucous membranes. Mild Zinc deficiency is very common and can make you vulnerable to colds and flu.
